## 📄 PROFESSIONAL SUMMARY

Motivated and enthusiastic Computer Science Engineering student passionate about software development, AI applications, cybersecurity, and modern web technologies. Seeking internship opportunities to apply technical knowledge, problem-solving ability, and development skills in real-world projects while gaining industry experience and contributing to innovative technology solutions.

## 🎓 EDUCATION

### **B.E – Computer Science & Engineering**

Prof Ram Meghe College of Engineering & Management, Badnera, Amravati  
Expected Graduation: 2028

### **HSC – Maharashtra State Board**

February 2024 – 54%

### **SSC – Maharashtra State Board**

March 2022 – 67.60%

## 🔧 TECHNICAL SKILLS

- |                 |          |               |                |
|-----------------|----------|---------------|----------------|
| ✓ C Programming | ✓ Python | ✓ CSS         | ✓ Git LId      |
| ✓ C++           | ✓ HTML   | ✓ JavaScript  | ✓ Git & GitHub |
| ✓ Java          | ✓ CSS    | ✓ SQL & MySQL | ✓ VS Code      |

## 🎯 AREAS OF INTEREST

- |                                            |                                         |                                               |
|--------------------------------------------|-----------------------------------------|-----------------------------------------------|
| <input type="radio"/> Software Development | <input type="radio"/> Web Development   | <input type="radio"/> Artificial Intelligence |
| <input type="radio"/> Cybersecurity        | <input type="radio"/> FinTech Solutions |                                               |

## 📁 PROJECTS

**AI-Based Fraud Detection System (Hackathon Project):** Developed an AI-powered fintech fraud detection dashboard for monitoring suspicious financial transactions in real time with fraud alerts, anomaly detection, trust scoring, live activity monitoring, and executive analytics dashboard.

**Technologies:** HTML, CSS, JavaScript, React.js, Node.js, AI/ML Concepts

**Portfolio Website:** Developed a responsive portfolio website showcasing projects, technical skills, and certifications using modern frontend technologies.

**Technologies:** HTML, CSS, JavaScript

**Student Management System:** Developed a student management system for attendance tracking and student record management with database integration.

**Technologies:** Java, SQL/MySQL

## 🏆 CERTIFICATIONS

- 🎓 SQL (Advanced) Certification – HackerRank
- 🎓 Tata Cybersecurity Virtual Internship Program
- 🎓 Participation in Hackathons and Coding Activities

## 🧠 SOFT SKILLS

- |                   |                          |            |              |
|-------------------|--------------------------|------------|--------------|
| Problem Solving ★ | Communication ★          | Teamwork ★ | Leadership ★ |
| Time Management ★ | Quick Learning Ability ★ |            |              |

## 🏆 ACHIEVEMENTS & ACTIVITIES

- 🌟 Active learner in AI, cybersecurity, and web technologies
- 🌟 Participated in hackathons and technical learning activities
- 🌟 Regular coding practice and project development
- 🌟 Interested in innovative software and fintech solutions
